## Description of workshops

This interactive program teaches a variety of skills and techniques catering for a wide range of learning styles. Each workshop starts with creating a safe space and setting the scene, group rules and a confidentiality agreement. Participants start by acknowledging their own feelings at that moment in the form of an emoji, word or drawing. An icebreaker follows this to enable everyone to feel comfortable, safe, relaxed and connected.

Each workshop is created to enable each participant to spend quality time with themselves, answer powerful questions, complete various exercises and learn new tools and techniques to gain a deeper understanding of themselves.

Throughout each workshop, I encourage those involved to record key learnings in a workbook provided and reflect on those learnings in the days that follow.

Each workshop takes the participants on a journey of self-discovery, gaining awareness of themselves in their own time and at their own pace. These sessions ultimately help a person to build a healthy relationship with themselves which will, in turn, improve the relationships they have with others in their lives.

Each workshop has its own theme, whether that's identifying values or encouraging self-belief through self-discovery - all leading to an improved level of self-confidence and self-awareness.

# WORKSHOP 1: LET'S IDENTIFY OUR VALUES

In this workshop participants will learn what's important to them, what makes them happy, what qualities they admire in themselves and others and what really matters to them.

**DURATION: 60 MINUTES**

**Participants will take part in various activities including:**

- Role play creation
- Visualisation in order to tap into their subconscious and to connect with their intuition
- Reflection tasks and takeaway points

**Workshop outcome:** These interactive activities are designed to elicit authentic information from the participants and have them gain a greater self-awareness, build their confidence and gain clarity of what's important for them.

# WORKSHOP 2: LET'S DISCOVER OURSELVES

## Do you know what your dream is?

In this workshop participants will learn what their dream is by working through thought-provoking exercises - gaining clarity of their goals and the confidence to work towards them.
